

Planning your trip in and around **Hastings County** is now even easier with an improved travel information service provided by the Ontario Ministry of Transportation.

Ontario 511 is a bilingual, digital information service that is offered to the public via three channels:

- 1) Online at [Ontario.ca/511](http://Ontario.ca/511)
- 2) Twitter – main accounts [@511Ontario](https://twitter.com/511Ontario) (English) and [@Ontario511](https://twitter.com/Ontario511) (French) plus regional accounts
- 3) Telephone – dial **5-1-1**

Giving travellers accurate and timely weather and trip information helps people get where they need to be, helps manage congestion and keeps Ontario's roads safe.

[Ontario 511](#) is ideal for **Hastings County** residents looking for information before their trips begin on provincial highways in the area.

New features of the more user friendly site include route planning, personalized alerts and the ability to save and check any of the 450 cameras on Ontario highways. The site also features information such as weather, winter road conditions and construction info – all directly provided by your Ministry of Transportation to you.
