This is to advise that an Application for Consent has been submitted to the Hastings County Land Division Office. As you own land within 60 metres of the subject property, we are providing a description of the application and a copy of the sketch showing the proposed severance (*see over*).

Any person or public body may make written submissions to the Hastings County Planning Advisory and Land Division Committee in writing, concerning the proposed consent application. ***Please take note that any objections must include your name, address, telephone number and reasons for your objection.*** As a requirement of the Planning Act neighbours are allowed 14 days' notice from the mailing date of this notification to file an objection; following the 14 days, if no objections are received, the application will be presented to the Hastings County Planning & Land Division Committee at the next scheduled meeting. Any written submissions (including your name but excluding personal contact information) will form part of the public record and may be made available to Planning Committee and the public.

If a person or public body has the ability to appeal the decision of the Hastings County Planning Advisory and Land Division Committee in respect of the proposed consent to the Ontario Land Tribunal but does not make written submissions to the Hastings County Planning Advisory and Land Division Committee before it gives or refuses to give a provisional consent, the Tribunal may dismiss the appeal.

The lands in the southern portion include frontage on Lake St. Peter, a wooded area in the northern portion, and a driveway through the middle of the lands that has historically been used by surrounding properties for access. The purpose of Consent File No. B8/26 is to create a legal right of way over an existing laneway on the subject lands in favour of the benefiting lands located at 35B Card Road. Likewise, Consent File No. B9/26 is to create a legal right of way over the existing laneway on the subject land in favour of the benefiting lands located at 35A Card Road. The applicant has indicated that the benefiting lands have historically gained access through the subject lands and now wish to formalize that access by a right-of-way on title. The existing laneway also crosses lands owned by others. Additional consent applications, being Consent File Nos. B10/26 and B11/26, are being processed concurrently under a separate report. The subject lands are approximately 1.78 ha (4.41 ac) in lot area, with frontage on Card Road and water frontage on Lake St. Peter and are currently developed with a dwelling and accessory sheds. The benefiting land for Consent File No. B8/26 is known municipally at 35B Card Road, consisting of approximately 0.14 ha (0.37 ac) in lot area with 24.3 metres (80 ft) frontage on the east side of the proposed right-of-way. The benefiting land for Consent File No. B9/26 is known municipally at 35A Card Road, consisting of approximately 0.15 ha (0.38 ac) in lot area with 24.8 metres (81.4 ft) frontage on the east side of the proposed right-of-way. The benefiting lands also front on Lake St. Peter and are developed with a single-detached dwelling and an accessory building. Zoning By-law Within the Municipality of Hastings Highlands Comprehensive Zoning Bylaw No. 2004-035, as amended, the subject lands and both of the benefiting lands are currently zoned the Limited Service Residential (LSR) Zone. The southern low-lying lands of the subject lands are also zoned the Environmental Protection (EP) Zone. As the applications are intended to formalize a legal right-of-way over the existing access, and no new development is proposed, the subject lands and the benefiting lands will continue to comply with the requirements of the Limited Service Residential (LSR) Zone and will not require rezoning.
