“This past Friday our Medical Officer of Health, Dr. Piotr Oglaza issued a statement asking all residents in our communities to avoid unnecessary travel to other regions of the province,” said Warden Rick Phillips. “Dr. Oglaza’s request is one that I and my council fully support. The risk to our residents from COVID-19 is real and we need to take individual actions, like avoiding unnecessary travel, to keep ourselves and our neighbours safe.” said Phillips.

“We urge everyone in our County to follow Dr. Oglaza’s advice. It just makes good sense. If we all work together, we can protect each other. Let’s do our part to keep our County in the green zone!” concluded Warden Phillips.
